Portfolio & Selected Work Samples

PROFESSIONAL SUMMARY

Learning & Development professional with 10+ years of experience designing learner-centered programs, facilitating training, developing effective assessment systems, creating performance support resources, and driving learner engagement. Designer & developer of the Evergreen Learning Ecosystem, showcasing capabilities in corporate onboarding, leadership development, organizational change, and modern instructional technologies.

FEATURED PROJECT | The Evergreen Learning Ecosystem

Designed and developed a cohesive learning ecosystem in Articulate Rise 360 & Storyline 360 that demonstrates an employee's learning journey from onboarding through leadership development and organizational change. Rather than creating separate work samples, each experience connects to another, creating an end-to-end corporate learning strategy.

- **Employee Onboarding Experience:** Designed a scenario-based onboarding program featuring *culture immersion, interactive LMS simulation, and performance support resources.*
- **First-Time Manager Essentials:** Developed a leadership development experience focused on *coaching, communication, delegation, and feedback.*
- **Leading Through Change:** Created a manager-focused change management course emphasizing stakeholder communication, adoption strategies, and organizational resilience.

TECHNICAL SKILLS & LEARNING TECHNOLOGIES

- **Instructional Design Tools:** Articulate Rise 360, Articulate Storyline 360, Canva, Screencastify, PowerPoint, Google Slides
- **Methodologies & Design:** Adult Learning Theory, ADDIE, Gamification, Backward Design (Flipped Learning), Blended Learning, Bloom's Taxonomy
- **Learning Management Systems:** Canvas, Blackboard, Infinite Campus, Google Classroom
- **Documentation & Productivity:** Microsoft Office & Google Workspace, Google Analytics
- **Collaboration Platforms:** Zoom, Microsoft Teams, Google Meet, Outlook Calendar, Remind App
- **Multimedia Development:** Logic Pro, Soundtrap, WeVideo
- **Web & Version Control:** Git, GitHub, HTML/CSS, Visual Studio Code
- **Systems Adaptability:** Experienced in quickly learning and supporting new software platforms and proprietary systems.

- Designed and launched a professional portfolio website showcasing instructional design case studies, interactive learning experiences, and multimedia projects tailored to corporate Learning & Development audiences.
- Completed targeted professional development in instructional design, organizational learning, accessibility, change management, and adult learning while applying those concepts to portfolio projects and continuous improvement.

PROFESSIONAL EXPERIENCE

Vocal Music Educator | Learning Program Design & Learning Facilitation

School District A | Iowa | August 2023—August 2025

School District B | Kentucky | August 2019—August 2023

Established, designed, facilitated, and continuously improved learning that combined curriculum and learner experience design, performance-based assessment, community collaboration, and support resources to create an engaging, measurable, and meaningful learning experience for diverse groups.

- Designed and facilitated comprehensive music education programs serving approximately 250 learners annually while developing curriculum, performance assessments, and differentiated learning experiences which culminate in performances for audiences, often exceeding 400 community members.
- Managed end-to-end planning and execution of concerts and public performances by coordinating logistics, schedules, facilities, volunteers, accompanists, guest musicians, technical resources, and stakeholder communications to deliver seamless learning experiences.
- Built program policies, learner expectations, leadership systems, and communication resources that standardized operations, encouraged learner accountability, and supported long-term program sustainability.
- Designed instructional materials, student guides, presentations, digital resources, and performance support tools that supplement classroom instruction; increasing learner independence and providing consistent expectations for students and families.
- Delivered real-time coaching and performance feedback by continuously assessing learner progress, adapting instructional strategies, and providing individualized support to increase learner confidence and achievement.

Barista Trainer & Shift Supervisor | Training, Coaching & Operational Leadership

Coffee Company | Kentucky | December 2017 – August 2019

Developed new employee confidence and consistency by training new hires, coaching team members in real time, and leading daily store operations while maintaining Starbucks' quality, safety, and customer experience standards.

- Selected as a Barista Trainer to onboard and develop 15+ new employees through demonstration, guided practice, and real-time coaching that reinforced company standards while increasing learner confidence.
- Led daily operations by delegating responsibilities while maintaining quality, safety, and customer service standards in a fast-paced service environment.

- Supported operational improvement initiatives at neighboring store locations by reinforcing company standards, streamlining work environments, and improving organization and sanitation practices.

Administrative Assistant | Library Services & Patron Support

University Music Library | Kentucky | August 2014 – July 2018

Supported daily operations of a specialized academic music library by managing collections, assisting students and faculty, maintaining archival materials, and delivering responsive patron support in a fast-paced university environment.

- Served as the primary point of contact for students, faculty, and visitors by managing circulation services, assisting with research, coordinating study room reservations, issuing library accounts, and maintaining a welcoming patron experience.
- Managed the organization, circulation, and preservation of specialized music collections, including rare archival materials and collections, while adhering to established handling and cataloging procedures.
- Maintained accurate organization of library resources using the Library of Congress Classification System, enabling efficient retrieval of scores, books, journals, and archival materials.
- Contributed to the development of a student employee training manual by documenting library procedures, shelving standards, and collection handling practices to support consistent onboarding.
